

## **Assignment of places for post-graduate research students at the Collegio Universitario Luigi Lucchini of Brescia**

The Collegio Universitario Luigi Lucchini, every year, offers some places to all post-graduate research students at the Università degli Studi of Brescia.

This opportunity is open to both male and female Italian and foreign post-graduate research students, who must be under 30 years of age. They must be enrolled and participate in their studies with regular presence and merit.

The graduate research members of the Collegio must participate in some of the cultural activities provided. In agreement with their Supervisors, they can also suggest other possible, specific activities of common interest. Foreign students have to follow a free course of Italian (base level).

The graduate research members of the Collegio are also requested to offer some time (compatible with their research work) in activities such as tutorship, mentorship, conversation in foreign languages and other activities in the Collegio's cultural program to help the other undergraduate and graduate residents.
